I don't get sick anymore

By Deborah Larson on October 21, 2016

I've had problems for YEARS getting sick with sinus and upper respiratory infections. It started with a cold and always built into something more. With the MANY benefits of cayenne, I'm feeling much better. My nose isn't constantly plugged anymore. I have limited post nasal drip, and I can sleep all night and breathe through my nose. This has definitely been a life saver for a long time

I haven't been able to find a single supplement that has so many health benefits. Since taking this product, I've noticed a big improvement in my circulation, I'm a lot warmer now throughout the day. If you suffer from bad allergies you definitely should start taking this product. This will clear out your congestion within minutes. It is also supposed to be very good for your cardiovascular system. I have not noticed any side effects, you just have to remember to take this with some food or you might get a stomach ache. It is definitely worth taking the supplement daily.

Ok I've been taking this product for officially one month now and it's given me even more benefits that I thought of before. Besides clearing up my allergies, I've noticed this also helps if I have a headache (I think it has to do with the cayenne opening the blood vessels). If I have an upset stomach, I'll eat a banana and take two of these capsules, the cayenne is apparently also good for stopping diarrhea. Along side those benefits, there is also the plus of cayenne being able to lower your blood pressure naturally. Especially if you are under a lot of stress, this could be a good alternative to blood pressure medication. Anyways, I plan on buying more as soon as I run out. I take 4-5 pills a day, absolutely no side effect.

This is a refill. Been using this stuff for 15 years 2-3 times a day! As a guy who has not seen an MD since 1989 I think these pills have played a major role in my excellent health.
